- Name** > AMXPO 2024 **A**sia **M**achinery & Manufacturing **Expo** Korea
- Dates** > Oct. 30(Wed.) - Nov. 2(Sat.), 2024 (4 days)
- Venue** > Hall 2 & 3, KINTEX 1
- Scale** > 300 companies, 1,000 booths
- Organizer** > 

Exhibits

Metalworking

- Machining center, CNC lathe, high-speed processing machine, electrical discharge machine
- Multi-tasking machine, milling machine, drilling machine, and sawing machine
- Cutting tool, diamond tool, abrasive and molding tool
- Press, pipe bending machine, bending machine, punching machine
- Cutting machine, laser combination machine, water jet, shaver, and welder
- Machining-related SW such as CAD/CAM/CAE
- Instrument, meter, test equipment, inspection equipment
- Microscope, gauge, projector, durometer, scale, other measuring instrument
- Injection, extrusion, blow, vacuum molding machine
- Casting, die and molding machine, plastic machine, surface treatment, sheet metal
- 3D scanner, engraver, printer, and related materials and components

Smart Factory

- Digital manufacturing equipment and manufacturing-related digital technologies
- Manufacturing automation equipment, machine vision
- Controller, motor, drive, reducer, LM guide
- Sensor, actuator, and peripheral
- Pumps and other pneumatics and related devices
- Automated guided vehicle (AGV), logistics automation equipment and related components
- Collaborative robot, articulated robot, gantry robot, and other industrial robot
- Smart factory solutions such as PLM, MES and ERP
- Cloud, AI, IoT, Big Data, Digital Twin

Materials & Components

- Forming machine, sorting machine, rolling machine, bolt and nut, bearing, machining fluid
- Industrial materials, other general-purpose materials, and related parts and equipment
- Dust collector, cleaning equipment, ultrasonic cleaner, and powder conveyor
- Blower, air conditioner, air purifier and related equipment
- Various industrial machinery (construction machinery, agricultural machinery, etc.)

About AMXPO

Korea Machinery Fair (KOMAF), the first comprehensive machinery exhibition held in Korea, was designed to promote Korea's machinery industry to showcase the growth potential of the Korean economy and provide an opportunity for manufacturers, consumers, and potential investors to exchange information to promote exports and attract foreign capital for Korea.

As the representative body of Korea's machinery industry, the Korea Association of Machinery Industry (KOAMI), with nearly 700 member companies, has played a key role in the country's remarkable economic growth over the past five decades and has served as a leading partner in the machinery industry.

Now, 'Korea Machinery Fair (KOMAF)' is leaping forward to expand its global footprint under the name of 'Asia Machinery & Manufacturing Expo Korea (AMXPO)'.

We look forward to helping you connect with world-class companies, boost your exports, and grow as a technologically advanced company at AMXPO.

Informa Markets KOAMI Co., Ltd. will provide the optimal exhibition platform for your business to succeed.
